**TEACHER SET TASK:**

**STEM CHALLENGE**
SCIENCE TASK FROM MRS COGGER - Coin trick

Carefully pour water into a plastic drinking cup up to the very top. Now get some 5 cent coins and carefully place them into the cup one at a time by slowly sliding it, edge first, into the water, and then let the coin drop into the glass. You may be able to fit twenty or more coins in the glass before the water spills over!

Can you explain why the water spilled over? Be prepared to share your findings with the class.
If you would like to learn more about water read the story – ‘Mr Archimedes Bath’ by Pamela Allen. Or you can find it on youtube https://www.youtube.com/watch?v=tP1R-j6xXQY
