

Term 2 Sports and Carnivals

Dear Parents

This term the student's sporting experiences will be based around the Winter Sports carnival that we participate in each year during Term 2.

Here is an overview :

The Students will take part in a 3-4 week AFL schools program.
This program will focus on kicking technique, Handball technique, Goal Kicking and Marking.
Students will also have the opportunity to play a modified version of the game.
As well as teaching the basic skills of the game, the AFL School's program aims to teach the importance of fair play and appropriate sports behaviour.

Students will get an opportunity to learn the skills of Netball.
Passing skills, Ball Control, Catching, Positioning and Game awareness are aspects of the game being emphasised.
Students will also have the opportunity to take part in a complete 7v7 game.
Like all team sports, teamwork and sportsmanship will be an important focus.
Our Year 1-3 Students will complete a mini Basketball program.

Students will also complete a Soccer program. Students will have an opportunity to develop their ball control and passing skills. Students will have the opportunity to play in modified versions of the game to promote team work and demonstrate their game awareness.

This Term also provides the opportunity for our Year 6 students to take part in the Interschool Eagles Cup competition. We have an AFL team, a Soccer team and 2 Netball teams representing St.Emilie's. We will play 5 Interschool fixtures against other local primary schools. These games are played on Friday afternoons, beginning Week 2. The Eagles Cup competition is then followed by a One Day Lightning Carnival In Maida Vale on the 21st June (Week 8)

Cross Country Running will also commence midway through Term 2.

Our year 3-6 students will have the opportunity to practice the course during class time, however additional training opportunities will be made available later in the Term.

These trainings will be in the form of morning sessions run twice per week and are completely optional, however they are a great way to build and maintain fitness. Students and families will be advised when these sessions are to commence.
