Is Your Child a Healthy Weight? From Clare the School Nurse

Did you know that more than a quarter of Western Australian school children are overweight? Many children at risk of being overweight do not look obviously large. As children move through puberty and into adulthood, being overweight often becomes more obvious and more difficult to manage. It is easier for children to move towards a healthy weight before puberty and adulthood.

Help your child to introduce small, achievable, healthy habits every day. For some ideas, go to [Raising Children website](#). For fun ideas on how to support children and families to be more active outdoors go to [Nature Play WA](#). It is important to avoid discussing weight with children. Weight loss and dieting is not recommended for children, unless under medical supervision. Healthy habits help children to 'grow into their weight'.

Cyber Safety Parent Evening - Next Wednesday

Just a friendly reminder to save the date for our Cyber Safety Parent Evening which will be held next **Wednesday 31st October 2018 at 6:30pm**. Presenter, Paul Litherland is regarded as one of Australia's leading Keynote Speakers on Internet Awareness. His main goal is to help parents better understand the networks and systems kids are using. For more information regarding Surf Online Safe presentations, please [follow this link](#).

Please check the school website regularly to ensure you are up-to-date.
